COMPREHENSIVE IMPLANTOLOGY CONTINUUM:
From Treatment Planning to Hands-on Surgery

This continuing education course will train you in Columbia University College of Dental Medicine’s (CDM) philosophy and conceptual approach to Implant Dentistry.

COURSE DIRECTORS
Dennis P. Tarnow, DDS
Clinical Professor of Dental Medicine, Director, Implant Education, CDM; Private Practice in Implant Dentistry, NYC.

James B. Fine, DMD
Professor of Clinical Dental Medicine, Associate Dean for Postdoctoral Education, Director, Postdoctoral Periodontics Program, CDM; Private Practice in Periodontics, NYC and NJ.

PART I: DIDACTIC AND HANDS-ON, MODEL-BASED TRAINING

COURSE DESCRIPTION
This continuum will enable general practitioners and specialists to integrate basic implantology into your private practice. Training in patient evaluation, surgical placement and implant prosthetics will be provided along with hands-on, model-based training. You will learn step-by-step techniques to allow for safe and predictable implant placement.

COURSE OBJECTIVES
This course will enable you to:
- Learn the biology of osseointegration
- Assess the appropriateness of implants in the partially or fully edentulous patient
- Decide on the appropriate diagnostic radiographs/materials required in treatment planning
- Develop the surgical skills required for placement of implants
- Learn advanced prosthetic treatment planning
- Understand impression making, abutment selection, temporization and final restoration of implants
- Understand proper bone grafting and site development procedures
- Learn how to accomplish esthetic outcomes with implant prosthetics
- Understand appropriate pain management and pharmacology in implant surgery

| OPTION 1 (Six weekends) | 2014: November 15-16, January 10-11, February 7-8, March 14-15, April 18-19 and May 2-3 or November 11-16, and February 3-8, 2015 | 9:00 am–5:00 pm | 212-305-7124 | $8,525 | 84, plus 10 credits for Symposium attendance. | Both options include the two-day course

PART II: CLINICAL IMPLANT PLACEMENT (optional)
Upon successful completion of Part I of the Continuum, you have the option of performing up to two surgical implant placements on your patient. These sessions will be instructed by a CDM faculty member in a one-to-one clinical setting. Prior to performing implant placement, all Part II participants must first observe two implant procedures in our clinic. Participants may also opt for observation only. Additional course fees will apply.

This course meets the continuing education requirements for the International Congress of Oral Implantologists (ICOI)’s Fellowship Credential and contributes to the maintenance requirements for ICOI Fellowship, IPS Mastership and ICOI Diplomate Credentials.
